What we provide:

Independent quoting service – in real time

We've developed a consumer facing quoting service that provides all carriers in your zip code a list of major insurers offering Medicare services – Ranked from lowest priced to highest priced. Also included are ratings by major rating agencies for the industry.

Accurate description of your fees in Medicare

We layout all costs you may experience in Medicare and make sure you receive the service you can afford at an agreeable fee/premium. These include fees by CMS (Medicare) as well as deductions that occur if you are already on social security.

US fiscal information

Links are provided to trustee reports for both Medicare and Social Security on the site. While this may be unpleasant to read, it is urgent that you understand the deepening fiscal situation with these systems and the potential for much greater taxation in the next 10 years.

Retirement of your Dreams

Now that you have made it to the promised land of retirement, make sure you have all bases covered for each phase. With retirement lasting 30+ years today, guaranteed pension-like income is urgent to cover your basic living expenses.

“We’ve saved so much money on health-related expenses by having a Medicare supplement policy from you. Thank you!” R. Hill

Don’t forget about Medicare Part D

We’ve covered the basics on Part D. You must either have a part D plan, or eligible group insurance coverage or be penalized by CMS.

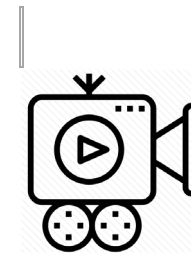

We will provide an analysis for you on Part D free of charge. All we need to know is the medications you are taking regularly to run the report.

The best services for your budget

We will show you either Medigap or Medicare advantage quotes in your zip code along with Medicare Part D. These will be ranked from lowest to highest via their price. Medicare Part D analysis provided with customer input to guarantee accurate results.
